Testimonials

MC Alarms

I have no hesitation in recommending Roger O' Shea of Merc Consulting who brokered the sale on my behalf. I engaged Roger in advance of the proposed sale and he has guided me through the process which is lengthy and complicated, from start to finish.

Merc Consulting analysed my business and prepared an Information Memorandum, engaged the market and drew up a shortlist of interested parties and engaged with them until we settled on a heads of agreement with Network. Following that Merc Consulting have attended all meetings, managed the process and introduced outside Financial and HR advisors that were required to complete the sale.
